RE: APPEAL FOR DONATION / SPONSORS

SRI EDEN is a non-profit organization serving children with special needs. These children have learning difficulties and behavioral disorders. We cater to the intellectual and developmental needs of these children by equipping them with functional academics and multi-sensory learning programs, occupational therapy and speech therapy.

Children with developmental complications and learning difficulties from B40 & M40 households have trouble attaining proper health care and education due to financial difficulties. We are presently catering to 43 children with special needs, from the ages of 3 to 22 years old. Many of these parents struggle to contribute towards their children's intervention, which we require to sustain the centre & its overhead expenses.

COVID 19 pandemic had further devastated our students and their families situations. Some had to cease sending their children for intervention and therapy due to loss of income. There is a severe drop in contributions from the parents to sustain the centre.. For the year ahead, it will be a real challenge to manage our finances.

Sponsors of a child are needed to enable the child to continue receiving training crucial for their development.

Your generous support & any form of contribution, will help many of these families to lessen their burden of having to cope with their child with special needs.

We invite you to visit our website at www.srieden.org and our official Facebook page at [pksrieden](https://www.facebook.com/pksrieden).

To make a contribution, kindly return the attached Contribution Form to us to acknowledge your kind donation.

*Thank you once again, and we look forward to your kind support. Together we will be **BUILDING LIVES.... RAISING HOPE!** The lives of these underprivileged children with special needs require your help.*

Sincerely,
PERSATUAN KEBAJIKAN SRI EDEN SELANGOR & KUALA LUMPUR
